

Instructions: Loop recommends that you print these notices as cards or stickers and place them on or near telephones or other equipment used to place calls with Loop's telephone service.

911 NOTICE

You will not be able to use the telephone service including calls to 911 without working electrical or battery power and Internet service or if Loop experiences network or other technical problems. A 911 operator may not know your location if this terminal has been moved from its registered location.

911 NOTICE

You will not be able to use the telephone service including calls to 911 without working electrical or battery power and Internet service or if Loop experiences network or other technical problems. A 911 operator may not know your location if this terminal has been moved from its registered location.
